

Kushagra Chaubey

Aspiring Data Analyst | Junior Data Engineer

✉ kushagrachaubey11@gmail.com ☎ 7666671795 📍 Pune, Maharashtra 🌐 [linkedin.com/in/kushagra-chaubey-a86049291](https://www.linkedin.com/in/kushagra-chaubey-a86049291)

Motivated Computer Science undergraduate with hands-on experience in Python, SQL, and data analysis. Built practical end-to-end projects and completed multiple industry-recognised certifications in Machine Learning, Statistics, SQL, and Data Science. Seeking an entry-level Data Analyst or Junior Data Engineer role to apply analytical skills in a data-driven environment.

Education

B.Tech in Computer Science

2023 – 2027

Pimpri Chinchwad University, Pune

- CGPA: 8.52 / 10

Projects

Netflix Content Analysis | SQL | PostgreSQL

- Performed end-to-end SQL-based analysis on a Kaggle dataset of 8,000+ Netflix titles to answer 15+ real-world business questions.
- Analysed content distribution across movies vs TV shows, identified top-rated content categories, and explored country-wise content trends.
- Used advanced SQL techniques including CTEs, window functions, string aggregation, and conditional logic to extract actionable insights.
- Derived insights such as top 5 content-producing countries, most common ratings, and year-wise content release trends in India.

Expense Management System | Python | Pandas | NumPy | Streamlit

- Built an interactive web-based expense tracker using Streamlit, enabling users to log, categorise, and review personal expenses through a clean UI.
- Used Pandas and NumPy for data processing, aggregation, and computing category-wise and monthly expense summaries.
- Deployed the application locally with a user-friendly interface allowing real-time updates and filtering of expense records.

Skills

- Languages & Libraries: Python, SQL, NumPy, Pandas, Streamlit
- Data Skills: Exploratory Data Analysis (EDA), data cleaning, data wrangling, statistical analysis
- Machine Learning: Supervised learning fundamentals, scikit-learn (learning in progress)
- Tools & Platforms: Jupyter Notebook, VS Code, Git, PostgreSQL, MySQL

Certifications

- **Machine Learning** — Codebasics
- **Mathematics & Statistics for Data Science** — Codebasics
- **Python for Data Science** — Codebasics
- **SQL for Data Analysis** — Codebasics

Achievements

- Successfully completed multiple IBM Data Science courses on Coursera, including Exploratory Data Analysis (EDA), Supervised And Unsupervised Machine Learning.
